Protect Your Critical Engine Components

ICF:
Clean Fill In-Line
Diesel Fuel
Dispensing Filter

HDP-BC:
On-Board
Diesel Filter

The Schroeder **In-Line Bulk Diesel Fuel Coalescing Filter (ICF)** and the **On-Board Diesel Fuel Coalescing Filter (HDP-BC)** provide unsurpassed water removal for ULSD and biodiesel particulate. Unmatched ultra high efficiency particulate removal yields lower operating costs and better engine performance.

Visit www.schroederindustries.com/products/fuelfiltration/default.aspx to learn more about the new world of advanced diesel filtration and why better diesel fuel filtration matters.
